

LIVE UNITED™

Dear Fellow Employees:

There are very few entities in our community that directly affect so many people in so many ways as United Way of Brazoria County. I am talking about the two out of three people who are helped each year by our gifts through the United Way.

Very soon you will be asked to consider your gift to help provide services to thousands who are helped by United Way of Brazoria County's programs. In each of our busy lives, it is possible to forget how important our gift is to other people – the homeless, the abused, the elderly, the impressionable youth – who will lead better lives only if we care.

What you give is up to you and signing up for the payroll deduction plan can make giving easier. By using the plan, your gift would be taken out of your paycheck in small deductions over the year. Those small deductions add up to great benefits for our entire community.

It is often said that one of the best ways to judge a community is by how it cares for its people. With your help, we are building stronger communities. Thank you for your thoughtful consideration.

Your friend,
