

LIVE UNITED™

United Way of Brazoria County

Dear Employee,

Thank you for your gift to the United Way of Brazoria County's 2008 campaign. Our community will be a much better place because of your generosity. Your support means that area agencies will get the help they need to provide vital community strengthening education and human services throughout Brazoria County.

By addressing the needs of those least fortunate in our area, we raise the expectations of a happy and healthy future for all of us. By choosing to contribute to the United Way, you are in essence helping over 23 different agencies address the three main issues that weaken or strengthen a family in Brazoria County: education, employment and the opportunity to seek affordable medical treatment.

Your contribution will be used locally, helping people in need. Thank you, again, for giving hope to the thousands of your neighbors that will seek out a United Way agency this year.

Your friend,
