

# THIS YEAR, UNITED WAY OF BRAZORIA COUNTY PROGRAMS WILL HELP OVER 30,000 KIDS.

These programs are supported by the Community Impact Fund, a local fund dedicated to the fight for the health, education, and financial stability of every Brazoria County resident.

United Way of Brazoria County (UWBC) collaborates with community partners to mobilize resources, finding sustainable solutions that lead to a higher quality of life. The focus of UWBC's mission is divided across four pillars of impact: Education, Income, Health, and Basic Needs.

We fight for education. Our work increases access to affordable childcare and early learning opportunities. We create opportunities for children to excel in school and provide after-school and mentoring programs for at-risk youth. We also address school readiness, and workforce development and job training for students transitioning into the workforce.

The sustainable solutions the Community Impact Fund provides are powered by partnership. That's why UWBC is honored to recognize strong community partners who have joined the fight through membership in leadership circle like *Small Business | Big Impact*, through individual and workplace campaign gifts, and through volunteering with UWBC programs and initiatives.

Investments made by donors like you make this mission possible.
